As part of the financial report, Supervisor Lund reported that we had received the \$50,000 for Cornerstone Park. Brief discussion followed.

Tom then discussed the 2017 budget changes briefly as follows: there was a slight change in the SOTS units; as to the Aldi bond, we've gotten the final numbers on that, so there is a \$1500 decrease in that line; we did get the final rates on the health insurance for the ambulance workers, and based on history, we should be okay there. Brief discussion. The resulting tax rate did not change from the last time, so for the general, the highway, and the ambulance, it went from \$6.05 to \$7.05 townwide. Discussion followed.

**Parks and Recreation**

Parks and Rec Board Member Gary Heymann reported on the following activities:

- ✚ The box lacrosse repairs
- ✚ We've started the 3<sup>rd</sup> and 4<sup>th</sup> grade basketball
- ✚ There are 3 candidates to fill the open seat on the board, the position that Ryan Dando vacated when he became the director

**Highway**

John Herold reviewed highway activities as follows:

- ✚ Good month – plowed once this month
- ✚ Had a few repairs
- ✚ Drained the water from the bathrooms so we're ready for winter
- ✚ New sander for the Western Star was picked up and is on the truck now
- ✚ Cleanup Day went well; there was less traffic than in the past

- ✚ We installed the signs for the bus turnaround on Strong Road that were discussed last month with John McMahon.

### **Ambulance**

Captain Bryan Ramsay reported on the following:

- ✚ EMS calls for October totaled 42
- ✚ Ambulance #2 had the rear bumper repaired by Homer Iron Works for a total of \$350.00 on Thursday, October 13<sup>th</sup>. We had received quotes from Jerome Fire Equipment for the same work at \$1,358.00
- ✚ We completed the CPR course for 10 staff members that will be working the high school gym program on October 28, 2016.
- ✚ I have been in contact with the Regional EMS program in regards to the sharp increase in medication prices. As an example of this, a medication we give for an unconscious diabetic due to low blood sugar (Glucagon) has increased in price from \$103.74 in 2012 to \$287.00. The reason we would use this is if we were unable to start an intravenous line on the patient, we would then give glucagon intramuscular. If we are able to start an IV, the administration of dextrose would be pushed thru the IV. The total cost for this administration is \$8.61. IO administration would be \$123.61 using dextrose instead of the glucagon. Our reimbursement from insurance is between \$460.00 and \$700.00 depending on insurance coverage the patient has.

### **Fire**

Ed Wortley reported that the new truck is on the road. He thanked John Herold for the tractor. Brief discussion followed regarding an agreement. Mr. Lund said he would get a copy to Mr. Wortley.
